Purehold PUSH

# TRUSTED BY BIG BUSINESS

*"Our Door handles and push plates are working out brilliantly for us... They have given people peace of mind during these awful times knowing that we are safe to open and close doors in the normal way" -*

Janssen

**We empower your day**

*"Love the Purehold handles and the push plates, the handles look so stylish and are really nice to use. Knowing that both are antibacterial is essential for us in the food packaging industry. I have had nothing but compliments paid about them from many users on site and have been asked about them by customers and suppliers alike. 2 Great products"*

- Sharpak Yate (Ready meal packaging for the food industry)

*"Since introduction Purehold our sites absenteeism has fallen to 2% per annum" - Elis*

*"Thank you again, these handles are the best purchase we have made! Definitely makes you feel that little bit safer" - Tangent International*

HM Government

**Keep your staff and visitors protected with the Purehold antimicrobial range – the ORIGINAL and by far the BEST solution on the market!**
